My app logs all debug messages to the logcat. But since the java code gets compiled, the logcat seems to be generated with a larger font and it looks messy to read, so I want to change the font to be smaller. I am using a Droid X. It is in Chinese, but I am only interested in the English letters. Is there any way to do that? Thanks in advance A: I had a similar issue 6d1f23a050
